- Large 2" Dial
- No battery required
- Accuracy: ANSI B40.1 Grade B (2%)

### **INSTRUCTIONS**

AstroAI Tire Pressure Gauge features a steel and brass construction with an extended 5mm chuck tip, so you get a great seal with no air leakage. This robust and durable precision automotive tool is also surrounded by a rubber cover, so it is protected from drops and is easy to grip. This top-rated, professional tire monitoring system is easy to use and is reliable in all weather conditions. A perfect accessory for your car, motorcycle, truck, bike, SUV, RV or ATV - it will not let you down.

It is with a 45 degree angled and fully swiveling chuck. Tire pressure too high? Our built in relief valve allows you to press the bleed button whilst the gauge is still on the tire valve, releasing air until you reach the exact target required.

**Lifetime Warranty** - Please contact us freely for any after-sale issues.
